

SML: Polymorphism and Higher-Order Functions

Prof. Evan Chang
Meeting 10, CSCI 3155, Fall 2009

Announcements

- Homework assignment 4 due tonight
- No new assignment tonight ☺
- Midterm next Thu (in class)
 - Please bring blue books!
 - Study guide: the skills list (80% points)
 - Poll
 - 1 8.5"x11" single-sided sheet of notes or open book?

2

Feedback on HW3. Thanks!

- Limit in number of attempts with MYSTERY
 - Think about the concept and the right bit of code to test it out. Syntax mistakes aside. Number of attempts generous.

3

SML

About your classmates (anonymously)

- Has a "power symbol" tattoo
