**Quiz- Week 5**

Instructions: Answer the two questions (second on back of page).

1. Identify three papers we have read this semester and compare the metrics (e.g., time of completion) and how results were presented for each paper.

Paper 1:	Paper 2:	Paper 3:

2. Identify three papers we have read this semester and compare the study design. Study design can include technical implementation, number of participants, methods used (e.g., wizard of oz), etc.

Paper 1:	Paper 2:	Paper 3:
